

GARDEN WAY CART **ORDER FORM**

Which Model Garden Way Cart is Best for YOU?...

You can easily see that *all* our Models have many things in common: Large load capacity, "squared off" design that eliminates wasted carrying space, extra big capacity, "squared off" design that eliminates wasted carrying space, extra big bicycle-type wheels, and rugged marine-grade plywood and steel construction!

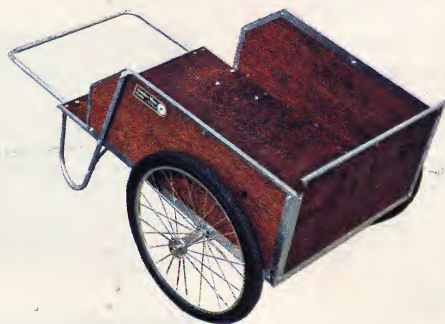

And while all Models can take care of just about any heavy moving job around your home, each one has its own abilities to handle *particular* projects *especially well*. We've learned over the years that most folks have special purposes and needs in mind when they order. The facts below should help *you* decide which of our three Models is best for you.

Actually, it's surprising to us how many people now own *two or more different Models* of our Carts! Many start off with a Model 26 for really heavy yard and garden work, then order a Model 16 or 20 for lighter moving jobs outside and even inside their homes. Others quickly realize what wonderful and unusual *gifts* these big Carts make. It's hard to think of a better way to make a good gardening friend or loved one very happy.

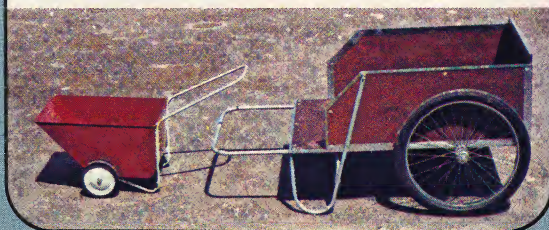

The Model 26

"The giant Cart that actually carries 10 times the load of a common wheelbarrow"

This big Cart is now our most popular Model—the one many gardeners and homeowners "move up to" from smaller sizes. Its tremendous load capacity and huge 26" wheels mean you can easily carry *over 13 bushels* of garden produce, or five bales of hay, or five trash cans.

Below: Look at the difference! Our "Jumbo" Cart will carry over *10 times* the load of this little garden cart with its tiny wheels and almost no load space.

The Model 20

"Our Versatile Mid-Sized Cart"

The perfect Model for "in-between" moving jobs. Will carry three trash cans or three hay bales. Many ladies find this size suits them best. Also popular second choice for families who use this Model for gardening, the bigger Model 26 for yard and barn chores.

Two big cartons fit right in, vastly increasing carrying space for light-weight loads like leaves.

The Model 16

"Our basic indoor-outdoor Cart"

Great for carrying small but heavy and concentrated loads such as cinder blocks, gravel or bricks. Takes two loaded trash barrels or two bales of hay. Carries firewood or other bulky items from outside to indoors, from room to room. An ideal companion for the big Model 26!

This Model easily climbs stairs, fits through narrow doorways.

Please see inside for further descriptions and **ORDER FORM** ➔

Here are Complete Specifications of all three sizes of Garden Way Carts:

The Model 16:

LOAD CAPACITY: 200 lbs. **VOLUME:** over 2½ Bushels
INSIDE DIMENSIONS OF BODY: 16¾" wide x 31" long x 10" deep
OVERALL DIMENSIONS OF CART: 23¾" wide x 41" long x 19" high

Prices effective til Nov. 30, 1976

- Narrow width makes this the perfect "Indoor — outdoor Carry-all!"
- 16" diameter semipneumatic wheels with oilite bearings. Placement of axle far forward means much better balance, and much less tendency for cart to topple over forward.

Model 16 kit (plywood not included) **\$42.50**
plus shipping and handling

Model 16 Complete (with plywood panels) **\$57.50**
plus shipping and handling

CARRIES 2 BALES OF HAY!
CARRIES 2 TRASH CANS!

THREE-MONTH MONEY BACK GUARANTEE

We believe you'll agree that a three-month guarantee is most unusual. Why do we offer it? Because we are so eager to have you order, to see for yourself what the Garden Way Cart really is and what it will do. Its strength, durability, and just plain honest quality must be seen to be appreciated.

So, here is our guarantee: keep the Garden Way Cart three whole months; use it as hard as you like; if then you can bear to part with it, just ship it back and we will cheerfully refund every cent of your money! Obviously, we couldn't make a guarantee like that if very many people returned the Garden Way Carts to us. Almost no one ever does!

That is why we feel so confident that you, too, will be saying after you have had your Garden Way Cart just one week — "How in the world did we ever do without it?"

The Model 20:

LOAD CAPACITY: 300 lbs. **VOLUME:** over 5 Bushels
INSIDE DIMENSIONS OF BODY: 23½" wide x 41" long x 12" deep
OVERALL DIMENSIONS OF CART: 32" wide x 54" long x 23" high

- Handle telescopes to suit height & preference of user.
- Specially designed stand — stays out of the way of users feet!
- Large 20" diameter semipneumatic wheels with free-wheeling ball bearings; placement of axle far forward provides far better balance; cart actually feels lighter when it is loaded!

Prices effective til Nov. 30, 1975

Model 20 kit (plywood not included) **\$66.50**
plus shipping and handling

Model 20 Complete (with plywood panels) **\$83.50**
plus shipping and handling

CARRIES 3 BALES OF HAY! CARRIES 3 TRASH CANS!

Carries heavy loads (like firewood) without struggle. Won't tip like a common wheelbarrow.

The Model 20 (right) carries 3 trash cans, up to 300 lbs. Model 16 (left) carries 2 trash cans.

The Model 26:

LOAD CAPACITY: 400 lbs. **VOLUME:** over 13 Bushels
INSIDE DIMENSIONS OF BODY: 31" wide x 47½" long x 16" deep
OVERALL DIMENSIONS OF CART: 42½" wide x 66" long x 32½" high

- Carries **TEN TIMES** the load of a common wheelbarrow with Incredible Ease!
- Handle telescopes to fit user!
- Low handle design allows long loads to be carried easily!
- Unique stand is designed to straddle rows in the garden — can't injure young plants.
- Huge 26" diameter welded steel wheels with ball bearings and pneumatic tires for a soft, easy ride!

Prices effective
 till Nov. 30
 1976

Model 26 kit (plywood not included) **\$97.50**
plus shipping and handling

Model 26 Complete (with plywood panels) **\$119.50**
plus shipping and handling

CARRIES 5 BALES OF HAY!
CARRIES 5 TRASH CANS!

Model 26 carries 5 bales of hay with incredible ease. (That's enough hay to mulch an average sized garden!)

Special stand lets you straddle garden rows, and mulch both sides of a row at one time.

Complete Plywood Panel Carts

Our complete plywood panel carts are just what the name implies: They come with walnut stained plywood panels and you need to supply nothing more.

Do-It-Yourself Kits

The kits, on the other hand, have all the hardware, metal parts and easy-to-follow illustrated instructions — all you need to supply are the four plywood panels cut to size. The kits are easy to assemble, take very little time, and you can save from \$15 to \$22 if you are willing to "Do-it-yourself."

Year after Year you'll be saying...

"I wonder how I ever did without it!"

Dear Friends

I hope you have now made your decision and are ready to send us your order.

I'm glad because time is short. There's so much important yard and garden cleanup work that will need doing in the busy weeks ahead, I'd just hate to see you miss out on owning one or more of these wonderful Carts.

Sending your order now can be the wisest personal decision you'll make this year. I promise you won't regret it—quite likely, a few weeks from now you'll be wondering why on earth you waited so long to get your own Garden Way Cart!

You'll find the money you spend now will come back to you in many ways . . . in time and energy saved, and in *actual dollar savings* . . . because you will be able to do so many more jobs *yourself* so easily — instead of paying for expensive outside labor.

We stand behind and *always* honor our unusual 90 Day Money Back Guarantee, which appears in plain English inside this brochure. But over the years, *very, very few* people have ever returned their Carts for a refund. I think that says a lot about the high quality and usefulness of our product, and the pleasure it gives, year after year.

Honestly, you will never be sorry you sent your order—especially now, when you can save up to 15% by mailing it before Oct. 31, 1976. I look forward to hearing from you very soon.

Sincerely,

Peter J. Coleman
